

Over four Sundays in November enjoy a program of pop up music including the Ku-ring-gai Philharmonic Orchestra and local Guest Artists painting in the historic Eryldene garden.

Caroline Oesterheld will be Guest Artist at Eryldene on Sunday 8 November:

Caroline Oesterheld has won numerous local awards and last year her painting *Middle Harbour Lookout* was selected by the Member for Bradfield, Paul Fletcher for his annual Christmas Card.

Caroline writes:

My art is generally an emotional response to the everyday, particularly nature and animals. I am inspired by things that make me laugh and smile and aim to interpret that mood in my work.

Watercolour is particularly suitable for my practice, due to the immediacy and transparency of the medium. I paint 'En Plein Air' weekly around Sydney and am inspired by regular walks in the Australian bush.

Improving my painting skills gives me tremendous satisfaction and is a fulfilling outlet for self-expression.

Caroline Oesterheld with her painting *Pymble House*

Dee Jackson will be Guest Artist at Eryldene on Sunday 15 November:

Dee Jackson is an award-winning Watercolour Portrait Artist. Her portraits have been commissioned in Australia as well as in UK, USA, Sweden, South Africa, NZ, Singapore & Vietnam.

Dee writes:

Watercolour is my great love - it is the fluid spontaneity that attracts me. It lends itself to the softness and curves of the human form allowing me great freedom.

When I create a portrait, I am aware of that almost seamless link we have with our past or future, our hopes, joys or sorrows.

Portraiture by its very nature is an intimate experience - preoccupied as we often are, perhaps from very different backgrounds, there is always a human connection.

Dee Jackson with her painting *Shakahachi*
